

As part of the
public I believe
that it is I who
owns the airwaves.
To think that
Sinclair
Broadcasting has the
clout to air this
anti Kerry
documentary
primetime on it's
airwaves is a
disgrace to
democracy. Airwaves
should be given back
to the locals. Big
corporations are
having way too much
say in what is
considered news and
I believe that the
profits made are at
the public's
expense. Reform
needs to be made.

Please do not allow
this monopoly to
propagate its views
in the hours before
our most important
Presidential
election.

Thank you.
